Dear Friend of Sophia:

Sophia Academy, founded by Marie Corrigan in 1999 for her daughter, provides personalized education tailored to meet student needs in a faith-based environment. The school provides a challenging academic program for grades pre-K through 9<sup>th</sup> grade.

Guided by the Georgia Performance Standards teaching in small classes, the curriculum is paced according to ability. Those needing personalized learning plans progress faster when they are accommodated according to their learning styles. The acclaimed Orton-Gillingham approach, created for dyslexics, benefits all learners. With the most expansive leadership, sports and drama opportunities in a small school, students will obtain communication skills and enjoy activities not available for all at other schools.

The Masterpiece Gala is Sophia's premier annual event and has provided important support for many programs and projects within the school. The Gala is the largest parent volunteer fundraising event of the year. With parents, staff, and community members in attendance, this event will raise funds in support of the school's new multi-purpose building, and to help meet our challenge grant goal of raising nearly \$350,000 by January 23, 2012.

The new 21,000 sq. ft. multi-purpose building includes a gymnasium, auditorium/chapel, staff offices, school store, and space for a future full-service kitchen, and a high school. The building provides the space needed to offer a broader range of extracurricular activities, as well additional classroom space for growth.

The 2012 Masterpiece Gala will take place in the multi-purpose building on February 11, 2012 with casino entertainment, dinner, live music, and wonderful silent and live auction items. We ask you to consider making an auction donation.

We are proud of the accomplishments achieved by Sophia Academy over the past decade, and we look forward to an exciting future. Please consider being a part of Sophia's future and the upcoming Masterpiece Gala.

Sincerely,

Janet Harrison
